Oscar Straus, Most Popular and Beloved Man in State Named For Governor

GOV. JOHNSON'S ADDRESS THRILLED CONVENTION

California's Fighting Governor's Speech Declared to be a Masterpiece

DETROIT, Sept. 7.—Exhausted by traveling and speaking, Gover-nor Johnson arrived here this morning and immediately departed for a tour of the state. He speaks today at Ypsilanti, Ann Arbor, Al-bion, Marshall, Jackson and Chelsea, and tonight at Grand Rapids, returning here Monday to address a mass meeting. on for the gubernatorial nomination between two equally popular Progressive leaders when the name of the New York philanthropist was sprung on the convention. Instantly there was a stempede, and at the conclusion of the demonstration Oscar Straus was declared the unanimous choice of the 1600 delegates.

The selection of Mr. Straus gives to the Progressive party the most popular and well beloved man in the Empire state today. His broad human sympathy, his years of service in the cause of his fellowman renders him especially qualified for the leadership in a movement in which humanitarian principles form the real basis.

Says Los Angeles Has Broken Pact With Labor-Will Seek Pardon For McNamaras

Los Angeles Editors Deny Such Agreement Was Made to Secure Confessions

PORTLAND, Sept. 7.-That if the business men of Los Angeles do not keep the agreement which he alleges they made to give labor a "square deal," he will circulate a petition in California for the pardon of the Mc-Namaras, was the statement today of Lincoln Steffens, the magazine writer, who claims he took an active part in the negotiations leading to the Mc-Namaras' plea of guilty. He says he will give them a "reasonable time," then he will go to San Francisco and Los Angeles to confer with labor lead-

ers and frame the petition.

Los Angeles Men Deny Pact

LOS ANGELES, Sept 7.—Harry Chandler, vice president and business manager of the Los Angeles Times, and a member of the citizens' committee with whom Lincoln Steffens conferred during the McNamara unrest said today:
"I did not meet Steffens before the

McNamara confessions. Afterward, with several others, I conferred with him in an effort to straighten the labor tangle. We could not agree. His idea of industrial peace is what San Francisco now has, the closed shop. We have not broken faith with anyone. Steffens tried to domineer. The entire matter as far as I know, had not much to do with the McNamaras pleas. We want industrial peace any way."

It has a "back-country" of thousands of acres of the richest and most beautiful agricultural lands—peatlands for celery, sugar beet lands, bean lands and lands suitable for all kinds of crops. On the outskirts of the city are located a great sugar factory, tile factory, barley-crushing and bean-cleaning plants. The city has over 1500 inhabitants and is growing rapidly. Splendid schools and churches are there, broad paved streets, fine business blocks, beautiful homes. Railroad facilities include the Southern Pacific steam road and the Pacific Electric trolley lines, one running in from Santa Ana, the county seat of Orange county, and the other from Los Angeles, extending on to Balboa. Arrangements have been made by which Huntington Beach will in future have a 45 minute car service to Los Angeles the year round with three flyers daily to Zaferia, the junction for Long Beach. Huntington Beach has been chosen year after year as the place of meeting for the Southern California Veterans' Association, Aug. 13-23; Socialists encampment July 1-7; Methodist camp meeting July 21-August 4.

One of the most popular attractions of Huntington Beach is its "Tent City," located only three blocks from the ocean, convenient to car lines. The grounds are attractively laid out and planted with trees and shrub-

calculation should come true, or if by The Santa Ana Register any other arrangement there should fail to be a majority, it would become the business of the house to elect, or try to elect, a president, as provided by the constitution. But there is material for a deadlock in the house, the way that body is politically divided now. Then what? The Sun says:

> "Under the constitutional provisions the senate would elect by majority vote of all the senators vice-president from the two candidates having the highest number of electoral votes, and the person thus elected as vice president would become on March 4, the president of the United States, if the house failed to choose a president. Forty-nine votes would be needed in the senate to make a chief magistrate in this way. Could they be had for Governor Marshall? Could they be had for James S. Sherman? Could they be had for Governor Johnson, even supposing that he had won in the electoral contest more votes than Mr. Taft's running mate?"

It is all very interesting and points out the defects in our electoral system. Besides it adds a startling feature to an already spectacular and complicated campaign.

### MOTHER'S RIGHTS

The biennial meeting of federatel woman's clubs, recently held in San Francisco, was conducted along the safe and sane line of permitting nothing to come up for open discussion that might mar the serenity of the proceedings or provoke hostility.

This might be shrewd politics and little real wisdom, but for all that "the world moves" and woman is furnishing her fair share of the motive power. And whatever the federation did or didn't for the cause of women. they put over some things for mothers' rights and particularly mothers pensions. They passed a resolution 2500 women from all over this Union such financial help as will enable

Mr. and Mrs. E. A. Clardy, who, with their son, Grady, left here on June 20 for a summer visit in Texas, returned home last night. They report a delightful visit. They spent much time at Waco, with Mrs. M. Kendrick, who visited the Clardys here a year or two ago. Immediately on their arrival there, the wedding of Miss Hazel Kendrick, who is well known here, took place. Later the Clardys went to their old home in Moody, Texas, where they visited Mrs. Clardy's sister, Mrs. T. P. Vaughn. They also spent considerable time with Mrs. Clardy's brother, H. C. Connaly, at Rosebud, Texas. Galveston was one of the points visited. Just before starting on their homeward journey, Mrs. Clardy was the guest of honor at a lawn party given by Mrs. Kendrick at Waco, where 100 guests were present.

### LOS ANGELES PRODUCE MARKET

A small shipment of avocacios or ahuacates from Orange county and another via New Orleans from the islands of the gulf arrived on the local market yesterday. The Orange county fruit, which was smaller than the average, was selling for \$2.25 a dozen. The avocado is fast becoming a commercial product in this state, and during the last few years several hunderd thousand trees have been planted. Authorities are of the opinion that the day is not far distant when California day is not far distant when California will nearly supply the country with this fruit. The avocado is perhaps one of the most delicious and delicately flavored of products adapted for use in salad and is usually served in this fashion although in Movice. in this fashion, although in Mexico, the country in which it originated, the natives eat it as it comes from the tree. A number of excellent varieties of avocado trees have been propagated in this state, and the size of the crop is increasing steadily.

The Bellefleur apple shipments are beginning to increase. Several cars came in yesterday. The great Watsonville district is now coming to the fore with an enormous output, and henceforth a great portion of the fruit will be received from that point. Watsonville is the largest apple-growing section in the state, and the entire crop is cultivated almost exclusively by Dalmatians and Slavonians. Potatoes are coming from the north

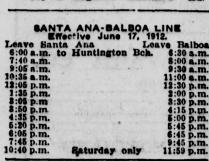

in large quantities, and carload lots are received amost every day. Large shipments of peas are also coming in. The price on nuts has shown a slight advance. Both the walnut and almond outputs of California, which is

the only commercial producing sec-

tion in the country for the nuts, is expected to be short this year.

The staple market remains unchanged, and arrivals were light. Ninety-two cases of eggs, 21,768 lbs. of butter and 280 pounds of cheese came in. Other arrivals were as follows: Potatoes, 739 sacks; onlons, 295 sacks; beans, 26 sacks; apples,
